

Update after the Town Meeting and the end of the Regulation 14 Consultation.

We have something like 100 comments on the Plan. Three are around 50 pages. These are all being considered (by volunteers) and have been discussed at a meeting with Rother officers yesterday. We have a summary but this is not yet in the Public Domain.

It will be published shortly, once assessed by the Steering Group which meets on 18 April.

We updated Rye Town Council and Rye Planning on 9 April and that statement is in the Public Domain (on the website).

So, lots done and lots more to do as time permits. As soon as we have an agreed line on Gibbet Marsh to Report we will do so.

I hope that this is helpful.
